The Commission found that the pattern for the Minutes (as submitted) would be followed in general form with the exception that the subsequent preparations would have Captions or Subject Titles prior to the paragraph of recordation; that these Titles or Subjects should follow the topics of the agenda. This was the unanimous agreement of the Commissioners present.

Chairman Picklin informed the Commission of the conduct of the Screening Committee and the basis upon which that committee agreed upon the names submitted for the Commission review.

The Commission agreed that any misgivings concerning a candidate would be revealed during the interview that the candidate might have the benefit of explaining anything that might appear contrary to his candidacy and it was further agreed that each Commissioner would have ample opportunity for his individual interrogation. While it was felt the interview should be confined to a thirty (30) minute period, there was no definite time limitation established. As a consequence of this discussion it was:

Moved by Commissioner Kelsay, seconded by Commissioner Hicks, and unanimously carried, that the Commissioners be informed of any information the individual Commissioner might have of the candidate prior to the interview and that the applicant be informed of this condition during the interrogation.
